# Aditya Vardhan

IoT Engineer | Cloud Engineer | UI & UX Designer Agra, Uttar Pradesh, India

## Summary

In search of a challenging position utilizing my knowledge and skills in Linux Administration, Configuration Management, Continuous Integration, Continuous Deployment, Cloud Engineering, and Networking.

I am trusted by colleagues to come up with new ideas when they need the help of a highly creative and analytical person. because of my consistent delivery, I have always been assigned crucial and time-bound tasks, and I continue to do so by putting in the necessary time to understand the business and the issue. Although I can (and often do) work well on my own, I'm at my best when I'm collaborating with others.
